

MOSANED TECHNICAL FOR MAINTENANCE

رؤية VISION
2030
المملكة العربية السعودية
KINGDOM OF SAUDI ARABIA

<https://misco.sa>

About Us

MISSION

Exceeding customer satisfaction with our unparalleled quality services, cost effectiveness and reducing asset down time strategy

Mosaned Technical for Maintenance established in 2019 to provide an independent specialist industrial maintenance services and spare part manufacturing to our clients. Our aim is to provide a credible and competitive alternative support.

VISION

To be a trust worthy maintenance solutions provider for valves and rotating equipment

Values

Service Excellence with Safety Commitment to Deliver Right People for right Job Honesty Integrity and Ethics Continuous Improvement

Our Services

**Valves Testing &
Overhauling
Services**

**Rotating Equipment
Services**

**Machining
Services**

**Plant Maintenance
Services**

Our state of the art facility provides high quality maintenance services for all types & makes of gate, globe, check, ball, plug, butterfly, control Valves, Safety relief valves & actuators types.

Valves Testing & Overhauling Services

VALVES SERVICES

Manual/Control valves:

- All types of valves with
- Size Range: ½" to 102"
- Pressure rating: 150 to 2500

PRESSURE SAFETY /RELIEF VALVE

- Size : ½" TO 24"
- High pressure: Max 300 Bar (water/Air)

ACTUATORS /POSITIONER

Electric, Pneumatic and Hydraulic

- Overhauling and Calibration of all brands like Rotork, AUMA , Fisher , MASO, ABB, Honeywell etc.

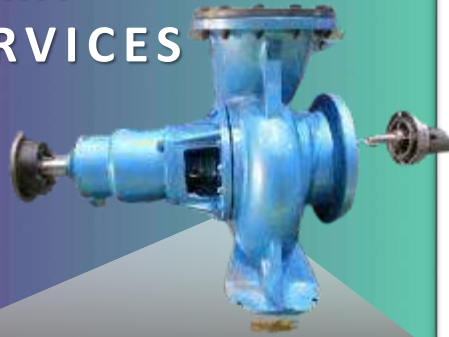

- Appropriate workshop height to handle larger diameter valves
- Sufficient lifting capacity
- High Quality Testing Unit
- Dedicated Machining Setup
- Professional welding , painting and blasting capabilities
- Qualified technical team
- In-Situ Services with mobile container

Our Rotating Equipment Division offers a complete service package for all Rotating equipment: Pumps, Gear Boxes, Agitators Fans, Blowers etc. of various makers, types and models.

Rotating Equipment Services

PUMP SERVICES

- Centrifugal Pumps. (Single & Multi Stage)
- Screw Pumps
- Diaphragm Pumps
- Positive Displacement Pumps
- Submersible Pumps etc.

- Inspection & Complete overhaul
- Laser & Reverse Alignment

GEAR BOX SERVICES

- Concentric
- Parallel
- Shaft Mounted
- Right angle
- (Manual & Automatic)

- Component Manufacturing & Replacement
- Welding Repair

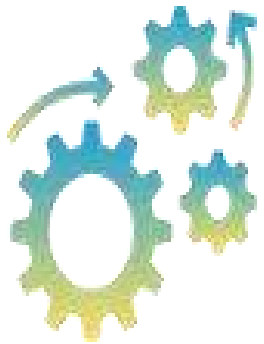

AGITATORS, BLOWERS, FANS ETC

- Agitators (Paddle , Propeller, Anchor etc)
- Blowers (Positive Displacement. Rotary Lobe, High-Speed etc .
- Fans (Axial , Multi-vane, Backward curved fans etc

- Shaft Balancing
- Compliance with API 610

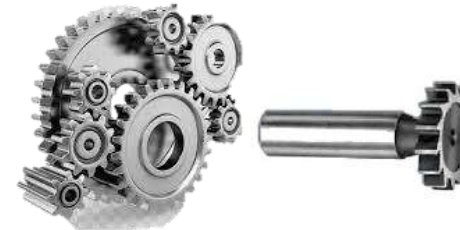

Mosaned Technical for Maintenance has a well-established machining facility offering comprehensive services such as component manufacturing through reverse engineering along with various below mentioned services.

Machining Services

Valve & Actuators
Spare Parts

Pump, Gear Boxes
etc. Spare Parts

Soft Kits
Manufacturing

Lapping Services

Flange Facing
& Serration

Thread Cutting &
Tapping

- Vertical lathe machine
- Horizontal lathe machines
- Heavy duty radial drilling machine
- Universal milling machines
- Surface grinding machine
- Shaper machine
- Boring machines

Our experience enables us to provide expert guidance during maintenance & Overhauling activities.

Plant Maintenance Services

On-site Valve & Actuators overhauling

On-site Hydrotesting Services

Valve Inspection & Calibration Services

- Mobile Workshop
- Highly skilled Engineers and Technician
- OEM Supervised Activities

- Sub Contracting & Outsourcing Support
- Project Management Support

Our experience enables us to provide expert guidance during maintenance & Overhauling activities.

Plant Maintenance Services

PM Services for rotating equipment

Components Maintenance /Replacement at site

Mechanical Maintenance Services

- Mobile Workshop
- Highly skilled Engineers and Technician
- OEM Supervised Activities

- Sub Contracting & Outsourcing Support
- Project Management Support

Workshop Facility

- ▶ Lathe Machine
- ▶ Milling Machine
- ▶ Boring Machine
- ▶ Sloting & VTL Machines
- ▶ Sand Blasting Machine
- ▶ Welding & Painting Facility

**MOSANED TECHNICAL FOR MAINTENANCE
SERVICES EVALUATION, (VENDOR ID# 10067464)**

KHALID AL AWAD,
GENERAL MANAGER,
Jubail Industrial City, 35838
Kingdom of Saudi Arabia

Reference to your request to Saudi Aramco/MSSD to evaluate Mosaned Technical Services facility for valve repair services, the facility was visited on August 31, 2022 by MSSD evaluation team which concluded the followings:

Tools and Machinery Capability:

- Testing equipment:
 - PSV Test bench; 10", 300 bar
 - Control/Manual valves test bench; up to 16" – water, 600bar
 - For valves exceeding 16", testing is done using end blind flanges, test manifold and calibrated pressure gauges.
- Machining:
 - Vertical lathe; 1.5m length, 1.8m diameter
 - Vertical/Horizontal boring 1.5m diameter
 - Lapping machines for gate and globe valves up to 32" diameter
- Lifting Capacity:
 - 20 tons overhead crane (1), another 10 tons OH crane.
 - 3 tons Jib crane
- Welding/Coating Machines
 - 2 x Qualified welders
 - Materials capability: carbon steel (certified and qualified), Stainless Steels (Only qualified but not certified).
- Paint area
 - Sand blasting area
 - Quarantine area

Evaluation Decision:

Mosaned Technical for Maintenance Services is qualified to perform abovementioned Capability and valve repair services with the following limitation:

- Valve size up to 16"
- Class 900 valves and below

This technical qualification is valid for 3 years from the date of this letter, after which a re-qualification must be carried out. Therefore, the vendor shall submit a request referencing this letter number for re-evaluating (upgrading if any) 6 months prior to the validity end of this approval to avoid removing the vendor capabilities from MSSD approval list.

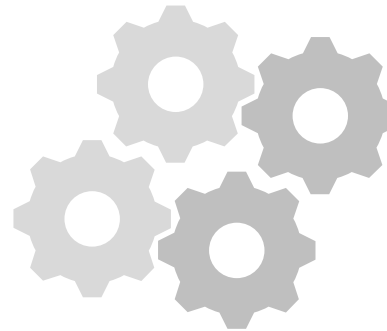

This approval is dependent upon adherence to MSSD procedures and Saudi Aramco standards and specifications for the services you provide. This information should not be construed as a commitment by Saudi Aramco MSSD to guarantee any level of services for you. However, it does provide you with the opportunity to bid for these services on a competitive basis.

Please note this letter is not to be circulated or used as a basis for conducting business with third parties external to your company.

Should you have any further questions regarding subject matter, please contact Bashair Alshala on 872-5151.

In reference to your request to Saudi Aramco/MSSD to upgrade Mosaned Technical for Maintenance Co. located Jubail City for valve Repair capabilities, the facility was visited on June 05, 2024 and it was found technically capable to perform the services stated in this letter.

Safety Findings:

The shop was organized well and no safety findings were identified during the visit.

Capabilities

- The contractor capabilities were upgraded to the following:
 - Repair Valve size up to 60 inches
 - Repair Class 1500 valves and below

Recommendations:

1. Contractor is recommended to have steam cleaning area.
2. Contractor is recommended to have electrical technicians

Evaluation Decision:

Mosaned Technical for Maintenance Co are approved to provide Repair service for valves based on the aforementioned technical evaluation. This technical qualification is valid for 3 years from the date of this letter, after which a re-qualification must be carried out. Therefore, the vendor shall submit a request referencing this letter number for re-evaluating (upgrading if any) 6 months prior to the validity end of this approval to avoid removing the vendor capabilities from MSSD approval list.

MOSANEDUPATIONAL HEALTH & SAFETY MANUAL		
MOSANED-HSM-001	Revision 00	Issue Date: 01/JULY/2020
PREPARED BY: QMR	REVIEWED & APPROVED BY: GENERAL MANAGER	

HEALTH & SAFETY POLICY

1. Management of health and safety falls within the social category of sustainable development and is of equal importance to the economic success of the business and protection of the environment.
2. Our aim is to provide safe working environments and hence to prevent injury and ill health to our employees and all other stakeholders: clients, professionals, subcontractors, members of the public and anyone else affected by our activities, projects or services.
3. We require all directors and managers to demonstrate leadership in health and safety matters in order to develop and maintain a positive health and safety culture.
4. We will comply fully with all relevant health and safety regulations and codes of practice.
5. We will implement and maintain a Health and Safety System to help deliver these policy commitments.
6. We will provide the necessary resources in personnel, finance and time in order to implement and maintain the Health and Safety System.
7. We will set Health and Safety Objectives annually, which reflect our commitment to continual improvement in health and safety performance and the Health and Safety System.
8. We recognise that we need the support of all our employees in order to achieve our Health and Safety Objectives.
9. We will provide relevant health and safety information, training and instruction for our employees.
10. We will consult with our employees on health and safety matters.

General Manager

QUALITY MANAGEMENT SYSTEM MANUAL		
MOSANED-QSM-01	Revision 01	Issue Date: 01/JULY/2020
PREPARED BY: QMR	REVIEWED & APPROVED BY: GENERAL MANAGER	

QUALITY POLICY STATEMENT

It is the policy of MOSANED GROUP (MOSANED FOR CONTRACTING, MOSANED FOR MAINTENANCE AND MOSANED TECH FACTORY FOR MANUFACTURING (MISCO)) in terms of Structural Steel and space frame activities covered engineering design, Manufacturing Construction and supply/erection, Oil/Gas Plant Maintenance activities including manual, control & Pressure safety valves Testing/Repair and Rotary Equipments Services, Manufacturing of mechanical parts & steel fabrication to:

1. Provide services of the highest possible standards, to satisfy our customer needs, expectations of quality, safety, reliability and service.
2. Accomplish quality objectives by establishing, implementing and maintaining a documented effective Quality Assurance System which complies with the requirements of ISO 9001:2015 QMS.
3. Timely delivery of Services to meet our customer's requirements
4. Ensure our employees are competent and properly trained so they are better able to serve our customers.

Our policy requires our employees to be aware of and contribute to the continual improvements of the Quality Management System.
